

1st Grade Power Standards

Power Standard 1

- I can count up to 120 starting at any number under 120. (1.NBT.1)
- I can read and write my numbers to show how many objects are in a group (up to 120). (1.NBT.1)

Power Standard 2

- I can use different strategies for addition to solve word problems using numbers within 20. (1.OA.1)
- I can use different strategies for subtraction to solve word problems using numbers within 20. (1.OA.1)

Power Standard 3

- I can solve word problems where I have to add 3 whole numbers. (1.OA.2)

Power Standard 4

- I can use fact families to help me solve addition and subtraction problems. (1.OA.3)
- I can use addition facts I know well to help me solve problems where there are more than two numbers. (1.OA.3)

Power Standard 5

- I can use what I know about addition facts to help me answer subtraction fact problems. (1.OA.4)
- I can add and subtract easily with 20. (1.OA.4)

Power Standard 6

- ❑ I can tell how many tens and how many ones are in a number. (1.NBT.2)
- ❑ I can show that I know what a "ten" is. (1.NBT.2a)
- ❑ I can show that any number between 11 and 19 is a group of "ten" and a certain number of ones. (1.NBT.2b)
- ❑ I can show that I understand the numbers I use when I count by tens have a certain number of tens and 0 ones. (1.NBT.2c)

Power Standard 7

- ❑ I can use math strategies to help me solve and explain addition problems within 100. (1.NBT.4)
- ❑ I can use objects and pictures to help me solve and explain addition problems within 100. (1.NBT.4)
- ❑ I can understand that adding two-digit numbers means I add the ones and then the tens. (1.NBT.4)
- ❑ I can understand that when I add two-digit numbers sometimes I have to make a group of ten from the ones (regroup). (1.NBT.4)

Power Standard 8

- ❑ I can tell the length of an object using whole numbers. (1.MD.2)
- ❑ I can show that I understand how to measure something by using a smaller object as a measurement tool. (1.MD.2)
