

4th Grade Power Standards

Power Standard 1

- I can compare two decimals to the hundredths by reasoning about their size and realizing that the comparison is only true if the two decimals refer to the same whole. (4.NF.7)
- I can compare decimals using the symbols $>$, $<$, and $=$ and justify the comparisons by using models. (4.NF.7)

Power Standard 2

- I can multiply or divide to solve word problems by using drawings or writing equations and solving for a missing number. (4.OA.2)

Power Standard 3

- I can multiply a 4 digit by 1 digit number, and a 2 digit by 2 digit number without a calculator. (4.NBT.5)
- I can use words, drawings, and equations to explain multiplication with arrays or area models. (4.NBT.5)

Power Standard 4

- I can divide a 4 digit number by a 1 digit number. (4.NBT.6)
- I can illustrate and explain how to divide larger numbers by using equations, arrays, or area models. (4.NBT.6)

Power Standard 5

- I can recognize and record fraction comparisons using less than ($<$), greater than ($>$) and equal to ($=$). (4.NF.2)

-
- I can compare two fractions with different numerators and different denominators by finding their common denominator or by comparing them to a benchmark fraction like one-half. (4.NF.2)
 - I can recognize that comparisons of fractions are valid only when the two fractions refer to the same whole. (4.NF.2)

Power Standard 6

- I can choose the correct operation to perform at each step of a multi-step word problem. (4.OA.3)
- I can interpret remainders in work problems. (4.OA.3)
- I can write equations using a variable to represent the unknown. (4.OA.3a)
- I can use estimation, rounding or mental math strategies to check my answer. (4.OA.3b)

Power Standard 7

- I can add unit fractions ($1/b$) to get a fraction greater than one. (4.NF.3)
- I can add and subtract mixed numbers with like denominators. (4.NF.3c)
- I can solve word problems involving addition and subtraction of fractions using equations and drawings or pictures. (4.NF.3d)

Power Standard 8

- I can solve word problems involving multiplication of a fraction by a whole number using fractions, models and equations. (4.NF.4c)
