

Canyon Thoughts

A Canyon Grove Academy Newsletter April 16, 2020

Dear Parents,

I love this beautiful Spring weather. Gardening is always my sanity but this year it is especially so. I am grateful for the sunshine and I am grateful that my family is safe and well. My children have had great times together, with a little fighting in between. They are building stronger relationships with each other and learning to work through their challenges together. What new and wonderful things has your family learned through this experience?

Much love,
Kim

There's no rule saying
you need to care only
about others - care about
yourself as well as others.
