I am responsible for my own attitude.

Attitude

By
Charles Swindoll

"The longer I live, the more I realize the impact of attitude on life.

Attitude, to me, is more important than facts.

It is more important than the past,

than education, than money,

than circumstances, than failures, than successes,

than what other people think, say or do.

It is more important than appearance, giftedness or skill.

It will make or break a company... a church... a home.

The remarkable thing is we have a choice

every day regarding the attitude

we embrace for that day.

We cannot change our past...

we cannot change the fact that people

will act in a certain way.

We cannot change the inevitable.

The only thing we can do is play the one string we have,

and that is our attitude...

I am convinced that life is 10% what happens to me

and 90% how I react to it.

And so it is with you... we are in charge of our Attitudes"

Goates Notes

BY KIM GOATES

There are opportunities every day for us to feel and display either a negative or B-positive attitude.

The quality of our attitude is a choice we make.

Attitude is the essence of the energy and presence we foster in ourselves, that can't help but be felt by those around us.

A lot of our attitude patterns and habits are acquired in childhood. Recent studies show that about 40% of our attitude or disposition may come through our genetic inheritance, while 60% of our attitude is what we choose for ourselves. Attitudes are not "fixed" entities. With awareness and practice, we can learn to wisely select our best thoughts, empower our feelings, and recognize that the capacity is in us to change and shape our own attitudes and their associated behaviors.

Who do you know that conveys a breath of fresh air, hope, love, and an energizing presence in your life?

Don't you just love being with that person? Does his, or her, attitude have anything to do with how you feel when you are with him/her?

Could there be a better leadership skill for our children than to practice and learn to govern their own "b-positive" attitudes?

HOW ARE YOU SEIZING THE DAY?
YOU G.O.A.T. THIS!

LEXIA

CGA encourages all students to use LexiaCore5 or LexiaPowerUp! This program contains the successful building blocks for a strong language arts skills.

It is important for each student to meet the weekly recommended minutes, but the REAL learning happens when a student finishes enough units. You can figure out the number of units they should finish each week by divided their recommended weekly minutes by 5. For example, if they have 30 minutes for the week, they should finish 6 units. You know when they have completed a unit because a piece of the circle that they are working on will fill in.

WE ARE BRINGING BACK THE BOOKS!

We are excited to announce that the Scholastic Book Fair is returning to Canyon Grove Academy this year. When you purchase books from the book fair a portion of each sale is given back to the school, and we use that money to buy books for our library.

We are always very grateful for your support!

The book fair will be open for shopping at our main campus Monday, September 27th through Thursday, September 30th. Online shopping is also available September 22nd through October 5th [HERE](#). (link is also on our website) Every student who attends on our main campus will have the opportunity to come with their class and shop the fair. Parents of students attending at ANY of our locations are welcome to stop by at your convenience during any of our open times. We find that the online store is super convenient for families at some of our more remote locations and a great way for grandparents who want to buy Christmas gifts for their grandkids to be able to take advantage of the fair as well! You are welcome to share the link with them.
